WCB Docket No. 03-80

AMENDMENT TO DOMESTIC SECTION 214
TRANSFER OF CONTROL APPLICATION

360carrier management inc. ("360-CMI" or "Transferee") and Dynegy Global Communications, Inc. ("DGC" or "Transferor") (DGC and 360-CMI, hereafter, "Applicants"), by the undersigned counsel, hereby file this amendment to clarify how the above captioned domestic section 214 transfer of control application ("Domestic Section 214 Application") qualifies for streamlined treatment pursuant to Section 63.03(b) of the Commission's rules.¹

1. On March 14, 2003, Applicants filed an application with the Commission for authority pursuant to Section 214 of the Communications Act of 1934, as amended; and Sections 63.04(b) and 63.24(e) of the Commission's rules,³ to transfer control of Dynegy Connect, L.P. ("Dynegy Connect") from DGC to 360-CMI. Pursuant to Section 63.04(b) of the

¹ 47 C.F.R. § 63.03(b).

Commission's rule, Applicants submitted their application as a combined international section 214 transfer of control application and domestic section 214 transfer of control application ("Combined Application").

2. Applicants stated that the Domestic Section 214 Application presumptively qualifies for streamlined processing pursuant to Section 63.03 of the Commission's rules because the transferee, 360-CMI, is not a telecommunications provider.⁴

3. Applicants hereby amend the Domestic Section 214 Application to submit that their application presumptively qualifies for streamlined processing pursuant to Section 63.03(b)(2)(i) of the Commission's rules because neither applicant is dominant in the provision of any service and their combined post-transaction market presence is unlikely to raise public interest concerns. Specifically, Applicants state that the proposed transaction would result in Transferee having a market share in the interstate interexchange market of less than 10%, and that to the extent that Transferee would provide competitive telephone exchange services or exchange access services, it would do so exclusively in geographic areas served by a dominant local exchange carrier that is not a party to this transaction.

4. Applicants further amend the Domestic Section 214 Application to state that although the transferee, 360-CMI, is not a telecommunications provider, it is affiliated within the meaning of Section 3(1) of the Act with other telecommunications providers. Applicants, therefore, do not submit that the Domestic Section 214 Application qualifies for streamlined treatment pursuant to Section 63.03(b)(1)(ii) of the Commission's rules.

² 47 U.S.C. § 214 (the "Act").

³ 47 C.F.R. §§ 63.04(b), 63.24(e).

⁴ Combined Application, Attachment 1, p. 2

5. Except as amended by the statements made herein, all other information in the Domestic Section 214 Application remains true and correct.

Respectfully submitted,
